Dear Ajay

RE: Congratulations on the publication of 'The Bear That Talked'

It was my sincere pleasure to meet you at my office in Bentleigh East on Friday, 1 May 2026.

Congratulations on your success in publishing your first book 'The Bear That Talked' and the achievement of setting a new record with The Australian Book of Records for the youngest published author of a children's book.

The time and energy you have devoted to this book, and your message of the importance of human connection in our increasingly digital age, is a commendable effort and an accomplishment you should be most proud of.

I wish you all the best with your future endeavours and look forward to reading the next instalment.

Yours sincerely

Nick Staikos MP
